Simplify Your Distribution Strategy.

The on-demand network of convenient transaction hubs serving all cardholders with complete self-service banking solutions.

Secure, fast & convenient, OnHub is a one stop, self-service banking solution accessible by any cardholder across a network of strategically located hubs. These automated transaction centres, branded Bankzone, are available extended hours and house a host of self-service devices capable of meeting all your customers' banking needs.

Convenience at Your Cardholders' Fingertips

OnHub eases branch transformation and rationalisation by removing the burden on your branch network, allowing business and individuals to conduct a variety of banking transactions at OnHub centres.

- Note and check deposits
- Note withdrawals
- Business bag drop
- Coin exchange
- Note to coin exchange

Maximise Access

Maximise access and overall customer satisfaction with OnHub locations in areas where you don't have a branch but need to meet the essential banking needs of your customers

Reduce Costs

Leverage Cardtronics' expertise and experience to assist with your individual branch and branch network transformation

Keep Your Cardholders

When bank transformation involves branch closures, especially in small towns or rural areas, you run the risk of customers moving to a bank that still has a presence there. OnHub helps you retain your customers

Focus on Core Business

Refocus your capital and human resources away from no-margin ATM distribution and onto higher-margin strategic business initiatives that enhance your customers' experience and your bottom line

Conserve Cash

Balance regulatory requirements for a robust balance sheet with community needs for cash at a fraction of the cost of a branch

Meet Compliance Requirements

Security is entrenched in our DNA. At the desktop, data centre and ATM levels, we ensure all cardholder data is protected

Take Advantage of Innovation

We consistently develop, test and deploy new technologies to ensure the best possible ATM and self-service kiosk experience for your cardholders
